

VALUE FOR MONEY!

In these premises you can find an EU-financed project in action.

And not just any project, but a good and interesting one.

Today's EU projects want you to know what they are all about, so please read on!

The project SimE aims to:

Increase ethical competence among nursing students in the Central Baltic region.

Provide a safe and effective learning environment for nursing students to practice complex ethical skills through simulation and practical training.

Prepare professionals to possess an equal and ethical capability within our health-care systems in the Central Baltic region

The project SimE will result in:

Three joint study modules:

Course 1 Basic Theories of Ethics (2ECTS)

Course 2 Ethical Coffee Room (1 ECTS)

Course 3 Simulation in Ethics (3 ECTS)

The project is a joint cooperation venture of:

Turku University of Applied Sciences, Finland | The Swedish Red Cross University College, Sweden |
Riga Medical College of the University of Latvia |

This is done with 257 713,00 euros from the European Regional Development Fund.
